

JUNE 19-21, 2018
OREGON CONVENTION CENTER
PORTLAND, OREGON

SECURE YOUR EXHIBIT SPACE AT CLEAN PACIFIC 2018

CLEAN PACIFIC is the ideal venue to get your products and services in front of those involved in oil and hazardous materials spill prevention and response in the Western United States and Canada. The event was designed around networking; 79% of attendees list "networking" as the primary reason they attend CLEAN PACIFIC. An emphasis on networking means attendees will be sent to the exhibit hall on multiple occasions through the course of the event, helping maximize the time your company gets in front of this highly targeted group of attendees.

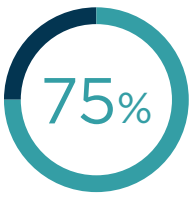

Why Exhibit at CLEAN PACIFIC?

- » CLEAN PACIFIC attracts attendees directly involved in response operations. You'll see representatives from major facilities, rail, pipeline and maritime companies, response companies, government, service companies and more walking the exhibit floor!
- » You'll reach decision makers, end users, and manufacturers looking to find solutions and source products all in one location, saving you both travel costs and time
- » Our wide variety of conference content attracts all parties involved in spill prevention and response of oil and hazardous materials in the marine and inland environment.
- » Launch a new product or service to over 600 attendees from the spill prevention and response community

**CLEAN PACIFIC delivers decision-makers,
fresh leads and the right attendees!**

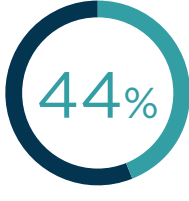

of attendees came to CLEAN PACIFIC for the first time

of attendees are from the Western United States and Canada

of attendees can approve or recommend the purchase of new products and services

of attendees have an executive or management role at their company
